## July 25th 2013 Update

Thursday, July 25, 2013

### **ArbiterOneRelease notes for July 25<sup>th</sup>,2013**

Updates, Enhancements and bug fixes

- Fixed bug where contracts with the away team marked as TBA would not open properly
- Added ability to mass update student eligibility.
- Option to put a name on a game. When adding or editing a game, you can type in a name that will display on the schedule. For example, if you want to display "Homecoming Game" or "Southwest Regional" you can type that in to display on the schedule.
- Added ability to add officials from an ArbiterOne group (to turn this on please email our support staff).
- Moved option to print student eligibility has been moved to the action drop down.
